Data Protection Officer (DPO)	Among many other things, the DPO's task is to ensure that the data controller or data processor and their employees are advised in, understand and comply with the company's obligations under the Regulation.	For a company like CBS Executive, it is not a legal requirement to appoint a DPO.

Consent	<p>“Consent” is a voluntary acceptance by a person that the information obtained from the person must be processed. The acceptance must be obtained from the person prior to the processing of his/her data, and it must be evident, which data will be processed, and by whom such data will be processed.</p>	<p>A declaration of consent must be easily accessible and understandable and be in a clear and simple language.</p> <p>A consent can be withdrawn at any time. After that, the data controller shall no longer process personal data on the basis of the consent (unless there is another treatment basis, such as the exercise of authority).</p> <p>It should be as easy to withdraw the consent as to give it.</p>

Teachers and lecturers at CBS Executive's courses and events will typically receive an overview of the specific course/event containing only the most relevant personal data. The purpose of this is to customise the teaching as much as possible to the current students, thereby increasing the participants' dividend.

Likewise, it is common for course participants to share relevant personal information with the other participants on the same course. The purpose of this is particularly related to network creation.

6.2 Sharing your personal data with external partners

In some cases, personal data may be shared with a hotel, airline or other similar external operators. Here too, only the absolute relevant personal data will be shared.

CBS Executive has established precise rules for how long we retain your personal data. This time period varies depending on the different purposes and must take into account any legal obligations to preserve some of your data.

The storage period has been defined by CBS Executive to allow us to process your requests (e.g. interest statement, enrolment or application) and deliver on them. At the same time, we will comply with the principle of proportionality according to which personal data cannot be stored longer than necessary to meet the purpose of collection.

However, personal data may be stored in addition to the above-mentioned framework if:

- Consent for this is given
- Archiving is a legal obligation
- Data is reused for the purpose of statistics or research

To the extent that your personal data is transferred to third countries, CBS Executive ensures an adequate level of protection for such a transfer, for instance by concluding the EU Commission's standard contracts with the recipient of the information, or by transferring to recipients, who are subject to special certification mechanisms, e.g. the EU-U.S. Privacy Shield, if the transfer is made to the United States of America.
